#### **SPECIFICATIONS**

**Rating Criteria** 

Rating at 24 Vdc: 10 milliamps, resistive Contact Resistance: Compatible with MOS, TTL

and DTL (10 ohms maximum)

Voltage Breakdown: 250 Vac between mutually

insulated parts

Life Expectancy: 3,000,000 operations per

buttor

Contact Bounce: Less than 4 milliseconds at

make, 10 milliseconds at break **Temperature:** -40°C to +80°C

**Operating Features** 

Button Travel: 0.015"(0,38 mm) nominal total

travel

Typical Operating Force: 350 grams

**Materials and Finishes** 

Housing: ABS polycarbonate, black

Graphic Overlay: Polyester

Contact Dome: Stainless steel, selectively gold-

plated

Terminals: Copper alloy, CDA No. 725. Tin-lead

plated

### STANDARD LEGENDS

Colorful graphic overlays are polyester with a tough acrylic bond to provide maximum protection against dirt and moisture. Second surface printed, the overlay wipes clean and

continues to look bright and bold throughout the keyboard life. Available through distributors. For instant custom legends, order separate blank keyboards as indicated in the Ordering Information section and choose one of the clear window overlays below; then order a sheet of legend inserts. Or, if you prefer, order the keyboard custom printed by Grayhill; see Ordering Information

#### **SEALING OF KEYBOARDS**

The graphic legend is silk-screen printed on the second surface of a clear polyester film, providing maximum legend protection. It withstands high humidity, and it is resistant to scratching, marring, and dulling of the surface caused by fingernails, wiping cloths, and cleaning materials. It has excellent solvent resistance to water, petroleum oil, alcohols and aliphatic hydrocarbons.

These common liquids do not attack the overlay: 5% acetic acid, 5% citric acid, 2%

detergent solution, soapy water, 30% hydrogen peroxide, wine, beer, whiskey, coffee, cocoa, milk, tomato juice, lemon juice, etc. Hydrocarbons, ketones and freon do not affect the overlay. But, we recommend that you do not subject the keyboard to these chemicals, since they may affect the switch housing, which is ABS plastic. To discuss a particular solvent, contact Grayhill.

Protect your equipment in outdoor or harsh environmental conditions by sealing the

keyboard to the equipment panel. Use an optional gasket with the keyboard. There are two types of gaskets: one for mounting the keyboard beneath the panel, and one for mounting it above the equipment panel. See Panel Seal Gaskets.

The contact system is internally sealed by a special adhesive backed sheet that holds the domes in position on the PC board.

### **PANEL SEAL GASKETS**

Weatherproof and waterproof your subpanel and topside mounted keyboards with optional panel seal gaskets.

Subpanel keyboard gasket is .062" (1,57 mm) thick; topside keyboard gasket is .094" (2,39 mm).

Material is cellulose fiber, foam, nitrile rubber. Order gaskets separately from keyboard.

Subpanel 3x4 Part No. 88M2001-2 Subpanel 4x4 Part No. 88M2009-2 Subpanel 5x4 Part No. 88M2019-1

#### INSTANT CUSTOM LEGENDS

#### **Available through Distributors**

Create your own legends using these 3 items:
1) a blank keyboard, 2) the clear window overlays shown on Standard Legend page and 3) a sheet of legend inserts.

#### **Blank Keyboards**

The numbers below order blank keyboards for the user to legend. For description, refer to the part numbering scheme below. The keyboards and overlays are ordered separately.

3x4 Matrix	Part No. 88AB2
3x4 SP/Com Bus	Part No. 88AC2
4x4 Matrix	Part No. 88BB2
4x4 SP/Com Bus	Part No. 88BC2
5x4 Matrix	Part No. 88JB2
5x4 SP/Com Bus	Part No. 88JC2

#### **Legend Insert Sheet and Dry Transfers**

Self-adhesive inserts are die-cut to fit the

button. Legends are printed in black on clear film in News Gothic Condensed type style. They include letters A through Z, numbers 0-69, telephone legends, commonly used words, symbols and blanks.

### Part No. 87AC2046

Use matching dry transfer lettering on blank inserts of legend sheet: upper and lower case letters, 0-9, and common symbols.

 Small Print
 Part No. 87-DT-2096-088

 Medium Print
 Part No. 87-DT-2096-125

 Large Print
 Part No. 87-DT-2096-187

#### **Clear Window Overlays**

Order separately from keyboards. See also ordering information.

3x4 Overlay	Part No. 88-101
4x4 Overlay	Part No. 88-001
5x4 Overlay	Part No. 88-201

### **PRINTED LEGENDS**

Not available through Distributors. For medium volume applications, or where legends cannot be produced by the self legend method, you can order epoxy ink printed legends. Virtually anything which can be photographed can be printed. Grayhill will print your legend and then add the clear window overlay.
